

## The Least You Should Know about English: Writing Skills, Form A

Uses a method of teaching students the basics without an emphasis on rules and terms, which Glazier sees as a barrier for many developmental students. This winning approach provides friendly support, helping students gain confidence through simple, brief explanations and numerous exercises. With a new co-author, Paige Wilson, the seventh edition has undergone a thorough revision. Explanations and exercises are up to date and the Writing section reflects current trends in teaching writing.
