

A Sketch of Moral Philosophy: Or an Essay to Demonstrate the Principles of Virtue and Religion Upon a New, Natural, and Easy Plan (Classic Reprint)

Excerpt from A Sketch of Moral Philosophy: Or an Essay to Demonstrate the Principles of Virtue and Religion Upon a New, Natural, and Easy Plan The chief Design of this Treatise is to establish and explain the Principles relating to the Foundation, or primary Reason, of Virtue. And therefore, if any Proportions, or Assertions, which do not immediately relate to them, should appear to be dubious, let it be remembered, that the main Scheme may not thereby be affected; but, for all that, may stand firm upon its own Foundation. Those Principles are here considered simply and absolutely in themselves, as the Ground, or Reason, of right Action, without attending to the Consequences of such Action, or what Good may follow from it. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
