

A Writers Reference with Strategies for Online Learners

This version of America's best selling college handbook addresses the needs and questions of online students, a growing population, by offering study tips, time management strategies, and other tools for success. Topics include how to be an active participant in an online course, how to navigate the learning space, how to communicate appropriately with peers and instructors, and how to seek academic and technical help. Charts and illustrations provide practical models. Strategies for Online Learners is also available in a packageable, stand-alone booklet (ISBN: 978-0-312-54370-9). Contact your sales representative or sales_support@bfpub.com for a copy.
