

Expositions of the Psalms 121-150 (Vol. III/20) (The Works of Saint Augustine: A Translation for the 21st Century)

Sixth and final volume of the long-awaited translation of one of Augustines classics and a great work in Christian literature. Newly translated by Maria Boulding, O.S.B., whose masterful translation of Augustines Confessions in the same series has been praised as being of a different level of excellence from practically anything else in the market (Rowan Williams, Archbishop of Canterbury). As the psalms are a microcosm of the Old Testament, so the Expositions of the Psalms can be seen as a microcosm of Augustinian thought. They recapitulate and focus the experiences of Augustines personal life, his theological reflections, and his pastoral concerns as Bishop of Hippo.
